

CONVENIENCE DISTRIBUTION MARKETPLACE GRAND PRIZE

CURACAO

Bon Bini! Welcome to Curacao, a treasure trove of surprises! Tiny in size, yet bustling with vibrancy and allure, this captivating island offers a unique escape. They like to think of themselves as the Caribbean's hidden gem. For centuries, they have forged a vibrant and rich culture rooted in history and hospitality. Their heritage is both European and African - representing more than 50 nationalities. They speak Dutch, Spanish, and English - as well as a local language, Papiamentu, a colorful Creole dialect.

SANTA BARBARA BEACH RESORT

The drive down the dusty, three-mile private road that leads to the Santa Barbara Beach and Golf Resort passes through a stark, desert-like landscape that is reminiscent of the American southwest. As soon as guests step through the large, open lobby, the resort opens up to beautiful views of white sand and deep blue sea. The area surrounding the resort is a 2,000-acre natural preserve, which provides many hiking and mountain biking trails and is full of wildlife. Around the edge of the property, guests will find a romantic ocean walkway and picturesque gazebo. With four restaurants, live music, and other entertainment nightly, the atmosphere is lively.
